ednesday, March 18, 1871 The Permanent Civil List.

One of the most remarkable Civil List Bills that ever emanated from the British Crown, at home or abroad, was sent down to the Council yesterday by Gov. Musgrave. We believe that it is without a paralell in the entire Colonial History of Great Britain and is a fit finale to a despotic form of government. is a fit finale to a despotic form of government such as has reigned and does reign supreme in this Colony. Will any one believe it that this bill virtually imposes fity-six of the present officials on the country of a first such as the such as t be saddled on the country is \$77,241; and is to be payable out of the Treasury by the Governor for the time being, Con ederation or no Confederation, without any reference to the local legislature whatever. All that the feture Assembly will have to do will be to find the mones and others will pay it out without. Section 2 of this Bill says: "The sum so set down in the Schedule opposite each office or Department, shall be payable for each while the incumbents at the time this Act comes into operation respectively remain in office" From this it is apparent that the bill instead of being an ordinary Colonial Civil List that is, an act to provide permanent salaries for four or five heads of departments irre-spective of who they are, in return for the transfer of the Crown Revenues— is virtually to secure life situations for all the fifty-six named in the act. The Bill virtually perpetua es two classes in the country—seperpetua es two classes in the country—secured officials en one side, and the people distrusted on the other. It does an absolutely and positive injury to the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the cities and towns named:—Toronto, Ald. Sheard; Ottawa, Mr. John Rochester, the eyes of the public. It makes the officials in the following gentlemen were elected Mayors of the cities and towns named:—Toronto, Ald. Sheard; Ottawa, Mr. John Rochester, the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public. It makes the officials in the eyes of the public in the eyes of the public. It makes the officials in the eyes of the public in the eyes of as a huge mistake; one that may be over-shrown at any time by the local Legislature, though it may bring this country into a conflict with the Dominion Government. We believe that there is no one in the colony who can command the confidence of a constituency, who would ever think of turning out honest and capable officials whose services were required; but on the other hand, to pass an act making the officials practically the masters of the people would create such popular resentment as can only have one end, and that will be securing to the local Legislature the right to say who and how many offibe imposed on the country by the bill are: Governor's private Secretary and messenger; Clerk of Legislative Council and Messenger; Colonial Secretary, Assistant Colonial Secretary and two clerks with four printers. In the Treasury, three Clerks; in the Anditor's office, one Clerk. In Lands and Works Department a Chief Commissioner, a new officer called Surveyor General, two clerks, one draughtsman, and a messenger; an Attorney Gen ral and his clerk; a Sheriff; Victoria Police; a clerk, Inspector, Sergeant, two constables, and eight others connected with the goal, besides the medical officer; in New Westminster, four constables and medical officer; and Kootenay, Cariboo, Yale, Lillooet, and Nanaimo districts, two clerks, one toll collector, fifteen constables. Such is the Civil List! The salaries of all these parties remain as they were voted on the Estimates, except as follows. The Superintendent of Printers gets a raise of \$180; two other printers get \$40 more, each. The Attorney General gets £300, and his clerk \$642 additional. The Colonial Secretary and Chief Commissioner not space to discuss further the question; but iust say that we trust the Council will, in order to secure good feeling between the officials and the people, reject all the Bill exocessive session the right to raise or reduce salaries or discharge officials as they please the same as they do in other Colonies.

Government will open the Dawson water NORTHERN PACIFIC RAILROAD route to Fort Garry next summer; the stea-mers will probably be built by the close of mavigation next season. It is said that the entire route from Fort William to Fort Garry will be worked as a Government enterprise and that if it fall short of being remunerative the deficiency will be made good out of the

public exchequer.

MONTREAL.—The company of volunteers stationed on St. Helen's Island are highly indignant at the manner in which the Gov ernment and their officers are treating them. The city volunteer force, which a few years ago mustered 4,000 efficient men, is dead from the same cause—official indifference and in efficiency. We have a large militia staff here, and jet there has not been a single parade of brigade or battalion for six months.

I CRLEBRATION OF THE RESTOR-The bodies of three ladies, two of them nuns, are reported to have been stelen from the Lachine dead house, and recovered from Valois, a French advocate, has been charged by the students of the Victoria College Medical Faculty with having planned lege Medical Faculty with having planned and instigated the body snatching. The outrage is made doubly horrible from the fact that it was committed for purposes of gain, the body-snatchers seeking in vain to dispose of their plunder at the various medical faculties. The case is to come before the Police Magistrate.

The Legislature is expected to continue in session about two months. The first duty of the Assembly will be to choose a Speaker, for which position several honorable gentlemen are candidates; but Mr. J. C. Troop, of Annapolis, is looked upon as having the best chances of succeeding, as he has occupied a seat in the Cabinet, though without office. Among the subjects that will be adverted to by the Lieutemant-Governor in his speech from the throne will be included, it is reported, the advisability of improving the system of dealing with Crown Lands, and the necessary sity of further securing the independence o

CHARLOTTETOWN, P. E. ISLAND .- Mr. J. E Royd, a well known New Brunswick engineer has been consulted by the government o Prince Edward Island about the railway to be cted along the entire length of the island under government auspices. Mr. Boyd decidedly recommends the 3 feet 6 inch gauge as ample for all requirements, and one third less costly than a broad gauge. He estimates that the line can be built and completely equipped for £3,000 sterling per mile. Supposing that it will carry annually at least 100,000 passengers and 50,000 tons of freight, rament would make an actual profit

having been subscribed for the purpose. A beet root sugar factory is talked of, and the manufacture of agricultural implements will be commenced at Levis on an extensive scale next spring by Mr. Cartier, who expressly denies the annexation sentiments ascribed to him by mendacious American newspaper correspondents.

The hon. Attorney General opposed the motion, for the reason that it is not usual for such correspondence to be furnished for the red at or concerning any election. use of hon, members. This was an appeal to the House from the decision of he Executive, the House from the decision of he Executive, and ofter the lapse of nine years,—after altering the laws, and an Act being placed upon the stature books opposed to the principle of granting warrants Mr. Lowe allowed the matter to d.op, and expects the Executive to deal with it as it would have done originally. The Attorney General coulant see how any hardship would attach. Mr. DeCosmos said it appeared to him, Mr. lawe had a claim, and the Government recognised a claim. He was informed that what was asked was 25 acres of land, in ac endance with what was promised by the

Hon. Attorney General-What is wanted, it appears, is to select the 25 acres where he pleases, and at any time. It is a question of contract with the Government. The Speaker stated the principle of land warrants, with regard to Vancouver Island,

is not now recognized.

Mr. Bunster said it was nothing more than fair and just that Mr. Lowe should have a land warrant; it was a contract between the Government and Mr. Lowe.

The Attorney General - If application should be made twenty years hence, how

would it be? Mr. DeCosmos remarked, the whole law changed since the original transaction.

Mr. Nathan — But the rights are not

Mr. DeCosmos-Then the only thing is to

indemnify the party.

Mr. Humphreys said the matter appeared to be considerably muddled; but it seems clear that the neglect is traceable to the party who made application for land warrant. He didn't see wby Mr. Lowe hadn't accepted to him on behalf of £25, when it was offered to him on behalf o his client; nor could he see how a motion would mend the matter now; it was by big lack indeed that he could ge, the £25 now Mr. Humphreys believed, as was stated by thethorney General, it was impossible to legislapse for nine years; it was a new jump to bring the question up now—the gentleman had better take the £25.

Dr. Helmcken stated the gentleman alluded to had copies of the correspondence asked for—and suggested a petition to the ting the Government to the expense and trouble of printing the correspondence; there is a court in which to demand 25 acres of land. They were suddenly requested, after

nine years, to ask the Government to fulfil s act never made, so far as he knew. Mr. Nelson said the claim was not invalidated by reason of the matter being laid over for so long a time; it does not invalidate Mr. Lowe's rights. After the matter is looked into, certain recommendations could be made

to the Governor. Hon. Mr. Hamley suggested that the reso

lution be withdrawn.

Mr. Alston said it was only a waste of time o print such documents as were asked for;

he contract was not accepted.

In order that they may do so, in case they invest in N. P. Railway Bonds, we will tell them all that we know of the security. They can then form their own judgment and take their own chances. First, then, the N. P. Railroad is under, we are informed, the control of men of integrity and great business sagacity; which, to a certain extent, is a guarantee for economy and fidelity in the management of the railway. In the next place, the security for the payment of princi-pal and interest of the bonds, is the railway and rolling stock; and not merely that, but there are 50,000,000 acres of land liable for

the payment of the bonds. The land stretches from the Lake Superior to Puget Sound. Greenbacks will be taken at par; "the corrupt practices Prevention Act 1871." Sound.
